Subject : Advertisement for RGGLV

Sir,

I am directed to say that the Hon'ble MoS has desired that

- a) The issues raised by the various associations representing RGGLV distributors should be verified with respect to duplication of locations and viability of existing operations in those specified locations.
- b) the process of selection of RGGLVs may be kept in abeyance to the time being in view of the fact that the Ministry is in the process of commissioning a comprehensive study for devising a scientific and competitive market plan for increasing usage of LPG both in the urban and rural areas. Therefore, the advertisement for the new locations will be undertaken only on the finalization of the plan.
- c) Further, OMCs to revisit the RGGLV scheme and bring out a comprehensive model, with necessary improvements over the existing scheme for making the ventures viable and for reducing the grievances of various stakeholders. There are issues regarding ceiling limit, home delivery, operational areas are revisited and relooked.

2. In view of the above, the process of selection may be kept in abeyance for which advertisement have been carried out.

Yours faithfully,

A. Ushabala
(A. Ushabala)

Under Secretary (LPG)
